Eds. Change - Reach Your Full Ability

I can ask someone in a shop for the ingredients I am looking for.

Newsletter

Welcome!

To this weeks addition of the newsletter. Whilst we were slightly low on staff this week, Jack ended up coming to our rescue (he heard the word cake and turned up in the car park ASAP!) We had a wonderful session this week, getting out and about for a hot drink to warm up. After re grouping and making our shopping lists we headed to IGA. Everyone is now becoming very comfortable with IGA, especially with the deli counter where some of the group ordered some fresh cut ham for our sandwiches.

Once we had sourced everything we needed for our sandwiches we also picked up what we needed for our chocolate cake and headed back to base to turn the oven on and get cooking.

Don't forget to check out our antics on our new instagram account for Eds. Change (@eds.change) Katie regularly posts videos and pictures up there.

Next week we are looking forward to being overstaffed as we have some new starters shadowing our team ready for work in future weeks. We will introduce them in the next newsletter.

Best,
The Eds. Change Team.

We started by making our chocolate cake which was in honour of Jonah's birthday. Splitting into small groups meant everyone had a hands on role in reading the ingredients, adding what we needed into a bowl and getting the mixture into a tin.

Once we had put the cakes in to bake we got started on the toasted sandwiches. This recipe has become second nature to everyone and therefore some individuals are able to complete it almost independently. Our next focus is sourcing the equipment we need as this is often our stumbling block.
